Viswanathan, Founder & Chancellor, VIT is the Conference President and Prof. S. Mahendra Dev, Director and Vice-Chancellor, IGIDR, Mumbai is the Association President. The central theme for the conference is ***Economic Growth, Employment and Human Development.***

ABOUT VELLORE INSTITUTE OF TECHNOLOGY

Vellore Institute of Technology (VIT) was founded in 1984 as Vellore Engineering College by the Chancellor Dr. G.Viswanathan. VIT attracts students from all the states of India and more than 51 different countries because of its academic excellence.

- No. 16 in Engineering Institution - 2018
- No. 16 in University Category - 2018
- No. 29 in Management Institution - 2018

QS RATING 2016

- 4 STAR overall Rating in 2016
- Got 5 STAR Rating for 5 Sub Categories (Teaching, Employability, Facilities, Innovation and Inclusiveness)

First University in India to get QS 4 Star Rating

NAAC (National Assessment and Accreditation Council)

- Accredited in 2015 - A grade
- Completed 3 Cycles of Accreditation

THE RANKING

- Ranked in the Top 251-300 in 2018 (Asia Ranking)

ABET (Accreditation Board for Engineering and Technology), USA

- 3 Times Accredited
- 10 B.Tech Programs – Vellore Campus
- 4 B.Tech Programs – Chennai Campus

QS BRICS UNIVERSITY RANKING

- Ranked in the Top 201 - 250

FICCI (Federation of Indian Chambers of Commerce & Industry)

- "Excellence in Faculty" - 2017
- "University of the Year" - 2016

QS I.GAUGE

- Got DIAMOND University Rating in 2018

UGC graded autonomy in 2018

Government endorsed recognition for VIT

ACBSP (The Accreditation Council for Business Schools and Programs), USA

- VITBS is fully Accredited for 10 years from 2017

VIT has introduced many innovations in academic processes which adds value to every student. FFCS (Fully Flexible Credit System), PBL (Project Based Learning) for better learning, fully digitized academic portals that assists students in equipping themselves for 2020 market place, Hackathons / Makeathons as a part of curriculum exercise which kindles the interest and the curiosity of students, which moulds them to be better problem solvers, 8th module in every subject being handled by industry experts, making the students contextualize the concepts they study in the classroom, are a few of the innovations that VIT has introduced.

PROFILE OF THE DEPARTMENT OF COMMERCE AND SOCIAL SCIENCES

The Department of Commerce is one of the four departments in the School of Social Sciences and Languages (SSL), Vellore Institute of Technology, Vellore. It has fourteen faculty members who are highly qualified with vast experience in the various fields of teaching and research. The Department offers B.Com and Ph.D Programme in Commerce. The Department has MoU with Association of Chartered Certified Accountants (ACCA), U.K another unique feature of the Department is that it sends students to foreign universities to undergo certificate courses. The curriculum of B. Com enables the student to have real time exposure in accounting and finance. The Department of Commerce has modernised and well-equipped laboratory facilities with latest software viz., Tally ERP, ProwessIQ, E-views, WINMAN. The students are also equipped with various soft skills in order to meet out the current expectations of the employers. Industrial visits, expert lecture series, seminars and conferences are arranged periodically for the benefit of students. Students are encouraged to participate in various co-curricular activities.

The Department of Social Science in SSL, comprises of thirteen faculty members with specialisation in Economics, Sociology, Psychology, History and Music. The faculty members of the Department are involved in research guidance and other research activities. The Department offers various Social Sciences courses to all the engineering and non-engineering students across the University. The Department provides an opportunity to engineering students to receive Minors in Economics along with their engineering degree.

CONFERENCE THEMES

Overarching theme: **ECONOMIC GROWTH, EMPLOYMENT AND HUMAN DEVELOPMENT**

Themes for the Conference

Theme 1: Slowdown in Growth and Future Prospects for Revival

India has been witnessing GDP growth of around 7 percent for long, nevertheless slow down and sustainability is the recent concern. For India to become a US \$ ten trillion economy in 2030 from the level of USD 2.26 in 2016, the rate of growth must be at least 7 percent. The possibility of India accelerating its real GDP growth rate above 8 percent sustainably, is an interesting possibility to ponder over. In order to become an upper middle income economy, India's per capita income should reach the mark of US \$ 3856. To achieve this stage, the bottlenecks that restrain low income economy such as poor public services, failures of market integration, poor health, malnutrition and poor quality of education must be relieved.

Sub Themes

- Status of major contributors of economic growth domestic saving and consumption, foreign direct investment, private investment and government spending.
- Causes of slowdown- Domestic factors - supply side factors, demand side shocks, vicious circle, new structural reforms; external factors- rising prices of crude oil, slowdown in European Countries, trade war between US and China
- Challenges of growth revival
- Regional imbalance in growth pattern

Theme 2: Accelerating Agricultural Growth

Although the share of agriculture in the GDP has declined, it is still the source of livelihood for majority of the population. Moreover, performance of agricultural sector will have implications for non-agricultural sector because of its linkages. Farmers face distress due to low agricultural prices rather than low agricultural production. The goal of agricultural development should be to achieve 4 percent growth rate.

Sub Themes

- Stagnation in agricultural growth
- Features of agricultural distress
- Growing disparities between agriculture and rest of the sectors of the economy
- Impact of Liberalization and Globalization Efforts - Import liberalization on the growth and development of agriculture
- Issues of rural credit-Debt burden from non-institutional sources
- Causes and consequences of market failure in agricultural sector
- Farm loan waiving –Good politics, bad economics
- Issues related to capital formation in agriculture sector
- Irrigation and management issues: under – utilization of surface water and overexploitation of groundwater
- Imprudent use of land, water and fertilizer
- Market access and building up of value chains
- Domestic farm prices and minimum support prices
- Disaster management and crop insurance
- Diversified agriculture
- Adoption to Climate change
- Increasing viability of small and marginal farmers
- Reducing social, gender and regional inequalities
- Mitigating agricultural distress and doubling of farm income
- Growth Models in agriculture in relation to developing economies

Theme 3: Employment Challenges and Policies

Creating adequate and quality jobs is the biggest challenge in India. In accordance with the changing demography of having the largest percentage of working age population, India has to create 8 to 10 million jobs annually in the next decade or so. The annual addition to the working age labour force is estimated to be 5.8 million for the period 2015 to 2030. Quality of labour improves with the structure of employment from low productive to high productive occupations and sectors. But in India, large proportion of labour force is engaged in informal work in informal enterprises. The biggest challenge is ensuring conditions of decent work in industries, establishments and enterprises and to reduce gender inequality in employment.

Sub Themes

- Important employment generating sector and Industries
- Demographic dividend for India: Myth or Reality
- Creation of productive and decent employment: MGNREGA
- Informalisation of employment in organized sector
- Gender inequality and employment
- Automation and the challenge of employment generation
- Employment reforms
- Quality of employment in the era of liberalization
- MUDRA Yojana and employment creation
- Make in India Make for the World
- Employment challenges: creating productive jobs, correcting mismatch between demand and supply of labour, formalization of enterprises and workforce, focusing on MSME,
- Issues of social security in informal sector
- Skill development for high quality employment.

Theme 4: Prospect of Achieving Sustainable Development Goals

As part of the Development Agenda titled “Transforming our World: The 2030 Agenda for Sustainable Development” of the UN General Assembly, 2015, 193 countries including India resolved to free the human race from the tyranny of poverty and want to heal and secure our planet. Towards this 17 Sustainable Development Goals (SDGs) were announced. With 18 percent of the world’s population, India’s experience and progress is of critical importance.

Sub Themes

- Millennium Development Goals and Sustainable Development Goals
- Ending Poverty, Hunger and Malnutrition
- Poverty, inequality and sustainable development
- Inclusive education
- Achieving health for all by all ages
- Gender equality
- Sustainable agriculture
- Clean and affordable energy - climate change
- Sustainable urban development
- Population explosion and sustainable development
- Natural disasters and steps to encounter
- Sustainable management of water and sanitation
- Sustainable production and consumption
- Inclusive and sustainable industrialization and innovation.

Theme 5: Skill Development and Employment

India will be world's youngest country by 2020 with an average age of Indian as 29 years. This demographic dividend comes at a time when world is ageing. In order to make use of this advantage, there is an indispensable need to improve the employability of the workforce and to have structural change from agriculture to non-agriculture and unorganized to organized. As of now Government initiatives yielded slow progress. More innovative methods are needed to improve skills faster and to address the mismatch between demands for industry & sectors and supply of employment.

Sub Themes

- Impact of global slowdown on employment
- Problems of quality in employment in organized sector
- Education and Skill Development
- Model Skill Centres and Formal Skilling
- Prime Minister's National Council for Skill Development
- National Skill Development Coordination Board
- National Skill Development Corporation
- National Policy on Skill Development
- Pradhan Mantri Kaushal Vikas Yojana (PMKVY)

Theme 6: Challenges of Banking System

Nationalization of Banks in 1969 played an important developmental role in the last 50 years including financial inclusion. In recent years public sector banks have been suffering from high NPA and twin balance sheet problem. To resolve the crisis, Government has announced bank recapitalization programmes and Insolvency and Bankruptcy Code.

Sub Themes

- Credit Growth: household sector: micro, small and medium enterprises and large enterprises
- Public Sector banks and financial sector vulnerabilities
- Financial literacy, financial Inclusion and consumer protection
- Changing consumer dynamics and digitalization in banking sector
- Regulatory lapses and organizational shortcomings in banking sector
- Rising Non-performing Assets of Scheduled Commercial Banks
- Twin balance sheet problem of banking crisis
- Bad loans, cyber threats and Bank frauds
- Bank recapitalization
- Insolvency Bankruptcy Code
- Financial sector reforms – need for integrated approach between different sectors
- Rationale for privatization of banks.

SPECIAL SESSION ON THE ECONOMY OF TAMIL NADU

The following are the main and sub themes:

1. Theories of Development Economics applied to Tamil Nadu Economy. Arthur Lewis Theory of Growth. Use of Surplus Labour for development. Rostow Theory of Take Off and critical investment in human and material terms. Unbalanced Growth Theory of Harvey Leibenstein. J.R. Hicks, K.J. Arrow, A.K.Sen Welfare Theories and Tiruvalluvar's Welfare Economics of Agriculture, Education, Health and Philanthropy. Welfare State of Tamil Nadu since 1920s and later refinements in cultural and social economics. Primacy of care for SC, ST and all weaker sections, women and children in schools.

2. Theory of Economic History a la J.R.Hicks and Building on inherited Strength. City of Madras as the over four century vintage European port economy and earliest medical and science education facility for southern India. Earliest trade in pepper, pearls, gold, with Roman Empire, and eastern sea borne trade with far off Cambodia, Indonesia, Malaca around the time of Greater Cholas, role of ports Mahabalipuram, Poombuhar etc. The mercantile community of Chettiars and other entrepreneurial classes. Projected role in Look East and Make in India development strategies. Evolution of Economic and Social Institutions and movements towards bridging gender, rural and urban divide. Before State Reorganisation all southern states had interdependent with factor specific regional specialization. This undercurrent persists.

3. Synergy between Union Planning Commission and State Planning Commission of Tamil Nadu. Macro and Micro Economics of Tamil Nadu. State Domestic Product, Per Capita Money and Real Income. Five Year and Annual Plans. Mixed Economy under planning. Long Long Term Twelve Year Plan of Tamil Nadu 1972 to 1984 for Social and Economic Development. Market Economy now and Cooperative Federalism. State, Level and District Planning. Urban – Rural Gap in Growth. Trends in long time State Domestic Product and Per Capita money and real incomes. Earlier and recent Federal Finance studies and outlook for State Autonomy. Union State and Local Financial Relations, Budgets and major innovations in fiscal policy and practice. Major areas of income, expenditure and public debt. Fiscal Deficits and remedy. Savings, investment, cooperative credit institutions, banking, and major stocks, shares and financial institutions.

4. Investment in Human, Social and Cultural Resources. Education at all levels. Economics of School and Higher Education in Medical, Engineering and applied social sciences. Reservation and Financial Support for SC, ST, weaker sections, social and gender justice. Health services. Primary health care in rural areas fall in maternity risks and infant mortality. Case studies of rise of major higher education institutions of national and global reach, media and academia. Adequacy of investment and transparent management for quality, ethics and global standards.

5. Input – Output relations, Productivity and Patents in Major Sectors. Agriculture, Forestry, Fisheries and other primary sectors. Origin of consumer and credit cooperatives. Productivity in Paddy, Sugarcane, Cotton etc. in national and international comparison. The role of agricultural research, teaching and extension. Rivers, Tanks and cost-benefit water management in Riparian state of Tamil Nadu. Move towards horticulture and floriculture. Interstate water disputes and projects for interlinking of rivers. Optimum use of water resources. Pioneering and lead industries - Automobile, Textiles, IT, Defence industries. Make in India. Earlier and new Industrial estates, medium, small and micro industries and their crises. Emerging large scale domestic and global industries and the future small scale firms. Inter state migration of labour.

6. Institutions for Growth and Sustainable Development. Private Public Partnerships have come to stay. Rising global market economy and challenges to traditional small scale export oriented textile firms, handlooms, pharmaceutical firms. National and state level protection. Internal, inter-regional and international trade. Commodity and country wise studies. Service sectors in environment, health, IT, Robotics, Artificial Intelligence, Global Networks, etc.

7. State policy for enterprise, freedom, abolition of licence-permit –raj, ease of business, law and order, ethics in public goods and services. Smart cities, Review of Research studies, Theses, Teaching, Publications and vision for Economists and their Economic Institutions of Tamil Nadu with global links. Strength of Two way historic international links with migrant Indians. Emerging trends of NRIs, FDI and their Investing in emerging resilience of India.

The special session of the 101st Annual Conference will deal with the Economy of Tamil Nadu. Papers are invited and are to be sent directly to the convenor of this session:

CONVENOR

Prof. Dr Vedagiri Shanmugasundaram
Former President, Indian Economic Association.
No. G. 104, 09th Street, Anna Nagar East,
Chennai, Tamil Nadu – 600 102.
Phone: 044-26632801; 26267167
E-Mail: vss108@gmail.com

SUBMISSION GUIDELINES

LAST DATE FOR SUBMISSION OF PAPERS

Full paper must reach latest by 30th September, 2018. Papers received after the last date will not be considered for publication in the special issue of the Journal. Members can however be allowed to present their papers received after the due date only with the permission of the Chair.

SIZE OF PAPER AND NUMBER OF COPIES

The paper should be in about 3000 words typed in Times New Roman font 12" with 1.5 space, with an abstract of 500 words. Papers without abstracts will not be considered for publication. Papers should be typed in MS-WORD only and not in pdf format. Mention your date of birth in your forwarding letter for consideration of awards for your paper. The hard copy of the paper along with the CD should be sent to the General Secretary and Treasurer Dr. Anil Kumar Thakur, latest by 30th September, 2018. Also send the paper by E-mail to Dr. S. Narayanan, Coordinator (South) and Special Invitee, Executive Committee, IEA to their addresses given below.

Dr. S. NARAYANAN

Coordinator (South) & Special Invitee, EC, IEA
Department of Economics
D.G. Vaishnav College, Chennai-600 106, Tamil Nadu
Phone : 988-45-13004
E-Mail : narayanan.econ@gmail.com

Dr. ANIL KUMAR THAKUR

General Secretary and Treasurer, IEA
Secretariat Colony, Road No. 3,
House No.B/6, Kankarbagh, Patna – 80 020, Bihar
Phone : 094310 – 71096
E-Mail : anilkumarthakur.iea@gmail.com

The list of papers received would be displayed on IEA's website by 10th October, 2018. Those who have submitted their papers are requested to check this list to confirm the receipt of their papers by the IEA office to safeguard against loss/delays in postal transfers. Those whose names do not figure in the list are requested to send e-mails of their paper along with a scanned copy of proof of having sent it earlier to Dr. Anil Kumar Thakur at the given e-mail addresses, latest by 15th October, 2018 for the same to be considered for onward action.

IMPORTANT DATES

Last Date for Submission of Papers	: 30 September, 2018
Notification of Papers received on IEA's website	: 10 October, 2018
Late Date for receipt of papers lost in postal transfers	: 15 October, 2018
Notification of accepted papers on IEA's website	: 5 November, 2018

Note: As per the request of members of association the last date for submission of paper's have been extended to 30th September, 2018.

- **Dr. ANIL KUMAR THAKUR**
General Secretary and Treasurer, IEA

IMPORTANT NOTE FOR PAPER CONTRIBUTORS

- The papers of only those authors will be considered who are members of the Indian Economic Association. Those who are not the members of the IEA, but wish to submit their papers, will have to first become members by filling-in the requisite form and fees, the details of which are available on the IEA website: www.indianeconomicassociation1917.com
- The co-authors too need to be the members of the IEA. Co-authors who are not the members of the IEA will automatically have their names deleted from the paper.
- Contributors of research papers (author and co-author) are mandatorily required to mention their e-mail ID, mobile number and postal address with pincode along with their names and age in the covering letter. This will help the editorial board to communicate to the contributors in an efficient manner.
- The paper contributors, including the co-authors need to mention in their forwarding letters their Permanent Membership Number. The latest IEA's Membership Profile 2018 is also available at IEA's website: www.indianeconomicassociation1917.com. New applicants must mention "membership applied for" (along with the category of membership - Patron, annual or life) in the forwarding letter. Papers without membership number of authors and co-authors will not be considered.
- In case your paper is accepted for publication in full, you are implicitly undertaking to come and present the paper during the Annual Conference. The failure to abide by the same will result in the rejection of your paper contributions to IEA conferences in future.

How to reach Vellore Institute of Technology (VIT)

The VIT campus is located on a 370 acre site on the Ranipet-Katpadi road. It is 2 1/2 hours drive from Chennai (formerly Madras) by road and 4 hours from Bangalore (Silicon Valley of India). Both the cities are well connected by road, rail and air routes. The airport nearest to Vellore is in Chennai. From the airport, you can either go by metro train to bus stand at Koyambedu or to the Central Railway Station to reach Vellore. Train and bus services to Vellore are very frequent and cheap. If one chooses to travel by train, you are supposed to buy a ticket to Katpadi railway station which is just 3 km away from VIT. Buses from Chennai will take you right to the centre of the town of Vellore from where you can reach VIT which is about 5 km from the bus stand.

Identity Card

Members who have not received the Identity card, are requested to fill the prescribed form which is available in the www.indianeconomicassociation1917.com website to be reached latest by 30th September, 2018 to the Identity card in-charge **Dr. S. Narayanan** for south and **Dr. Anumitha Agarwal** for north.

REGISTRATION AND ACCOMMODATION

To avoid inconvenience, it is decided not to have spot registration. The delegates are requested to register in advance, preferably, through Online Registration' before 30th November, 2018. The Registration requests received after 30th November, 2018 may not be considered.

Registration Fee: Rs.2,000/-

Accompanying Spouse: Rs.2,000/-

- Maximum of two children up to the age of 10 years can accompany the delegates free of charge without any extra bedding in the same room with parents.
- Accommodation will be available only from the noon of 26.12.2018 up to the morning of 30.12.2018.
- The conference kit will be given only to the IEA member delegates and not to the accompanying spouse even though he/she pays the registration fee. If any delegate is accompanied by more number of persons (other than spouse and maximum of two children up to the age of 10 years), then the organisers will not be responsible for their boarding and lodging. They have to make their own arrangements outside the campus.
- Non-member spouse and children are not allowed into the conference halls when sessions are in progress.
- The duly filled-in registration form along with Demand Draft drawn in favour of VELLORE INSTITUTE OF TECHNOLOGY, payable at Vellore, should be sent by post to the Local Organising Secretary, latest by 15th November, 2018.
- Cheques will not be accepted.
- Participants are requested to plan their return tickets and confirm the same, as no such requests will be entertained.

Online Registration:

1. Visit: <https://www.vit.ac.in/iea101> - Registration fee may be remitted by user friendly 'Online Registration' through Debit Card/Credit Card
2. NEFT payments:

Name: Vellore Institute of Technology

A/C No. 407580397

Account type: Current Account

Bank Name: Indian Bank

Branch: VIT Branch

IFSC Code: IDIB000V086

Duly filled-in registration forms along with proof of NEFT should be sent to the Local Organising Secretary by post or through e-mail.

Those who wish to make accommodation arrangements on their own are requested to mention in the registration form. Also please note that the members are expected to have at least 60 percent attendance in various sessions to obtain Conference Participation Certificate. As mentioned in the IEA - 2018, Newsletter, the certificates will be issued to the paper presenters only after the valedictory function is over on 29th December 2018. No request for issuing the certificate on an earlier date or time or of sending them through post at your address will be entertained either by the IEA or by the host University. For any other information, please feel free to contact the Local Organising Secretary and others in charge of various activities as given in the conference website either by e-mail or by phone.

Conference Venue

Vellore Institute of Technology (VIT)

Vellore, Tamil Nadu, India
