Tech Facts

Vision

- *To provide transformative education through innovative teaching, extensive research and services in computer science and information systems.*

Mission

- *Strengthen the core competency to solve real world problems and instill the notion of lifelong learning in the field of computer science and information systems.*
- *Sustain an ecosystem for impactful research and innovation through collaborations and extension activities.*
- *Create ethically strong leaders and entrepreneurs for the advancement of the society.*

From Dean's Desk

Greetings!!!!

I extend my warm greetings to yet another issue of the official "SCORELINES" Newsletter of SCORE for the period between April and June 2024. Our school being dedicated to offer top-notch computer science engineering and related education programs prepares the students to be industry-ready and mentors them to reach their full potential in resolving real-time problems and perform cutting-edge research.

Diversity, multidisciplinary collaboration, entrepreneurial thinking, and ingenuity are highly valued among our dedicated students, Research Scholars and faculty members. In this edition, such practical and pragmatic demonstration is reflected through the various events and activities conducted in the form of guest lectures, thon – events, value-added courses, workshops and seminars.

This issue also features the various publications, consultancy projects, and invited presentations that our faculty members have rendered, all of which demonstrate their profound involvement towards academia and research.

This issue also emphasizes the accomplishment of obtaining 59.7 lakhs as international research funding from UKRI-SPARC, as well as the patents that our faculty members have been granted for their consistent commitment towards research.

It is our fervent intention that this newsletter will facilitate the sharing of professional and knowledge-based information, serving as an authentic showcase of the various events and achievements of our students, research scholars and faculty members.

Wish you all a very Happy Reading!!

Dr. Sumathy S

Professor & Dean

School of Computer Science Engineering & Information Systems

Vellore Institute of Technology, Vellore

Email: dean.score@vit.ac.in

EVENTS

THON - EVENTS

Event Name	Title of The Programme
Tech-a-Thon	Transforming problems into Tech Marvels
Code-A-Thon	Application Development using Object Oriented Concepts
Code-A-Thon	Data Structures and Algorithms (Begin your code)
Code-A-Thon	Data Structures and Algorithms (Begin your code)
Code-A-Thon	Cutting Edge Biometric Solutions for addresssing real-world authentication challenges
Hackathon	Developing AI-Enabled Applications to mitigate Cyber Attacks
Web-A-Thon	Modern Web App Development using Full Stack Tools
Web-A-Thon	Innovative Enterprise Application Development Using Full Stack Web Technologies
Web-A-Thon	Enterprise Web Application Development Using Full Stack Tools

VALUE - ADDED COURSES

Title Of The Programme	Organized By
IoT and Connected Devices	Dr. Shantharajah S P, Dr. Swarna Priya R M
Image processing using Convolutional Neural Network	Dr. Hemalatha S, Dr. Neelu Khare
Robotic Process Automation (RPA)	Dr. Vanmathi C, Dr. Mangayarkarasi R

I hear and I forget, I see and I remember, I do and I understand - Confucius

Glimpse of Thon Activities & VAC

Life is really simple, but we insist on making it complicated. – Confucius

PROJECT EXHIBITION

17.04.2024

24.04.2024

Continuous learning is the minimum requirement for success in any field. – Brian Tracy

Guest Lectures

S.No	Title Of The Programme	Resource Person
1	Machine Learning - An Industry Perspective	Ms.Arthi Udayakumar, Accenture R&D, Bengaluru
2	Essentials and Applications in Blockchain	Mr.Vijay Srinivasan, Zensar Technologies, Chennai
3	Recent Trends in AI and ML based IoT analytics and applications in Industrial Perspective	Mrs.aarthi Udayakumar, Accenture Labs, Bangalore
4	Emerging Trends in Object Oriented Programming using C++	Mr.K.Jeevananth, Pebbles Electronics, Coimbatore
5	IoT Revolution: A Sneak Peak	Mr.Gopinath P S, Base Automation Technologies Pvt Ltd
6	Vision Control (Citlab); An Industry Perspective	Mr. Vigneshwaran Somasundaram, TCS, Chennai
7	An Industry Perceptive : Data Preprocessing Techniques towards Efficient and Reliable Knowledge Discovery	Mr.Velmurugan J, Tech Mahindra, Bangalore
8	Intellectual Capital Management : Oppurtunities and Challenges	Dr. Y V S Lakshmi, Centre for Development of Telematics (C-DOT), Bangalore
9	Unravelling the Fourth Industrial Revolution : Insight for IT Professionals	Mr.Murali Sundaram, Supporting Corporations (TAFE, Redington) Universities (SRM, IIT, DoMS and RIT) and Startup Eco Systems (TBI's) on Gen AI Capabilities
10	Various Techniques of Testing-Approaches from the industry perspective	Mr.Rajadurai Krishnamoorthy, Sabre Corporation, Bangalore
11	Creating Secure and Fast Back-end in Python using FastAPI	Mr.Rahul Sharma, Meta (formerly Facebook) London
12	Computing Architecture Design approach for different Optimization Target	Mr.Muthu Kumar S, Cadence Design Systems, Bangalore
13	OOP Concepts and Design Patterns in C++	Mr. Rahul Sharma, Meta (formerly Facebook) London
14	Drone Imaging for Agriculture Applications	Dr.Sathish Kumar S, Geosystems, Research Institute, Mississippi State University, USA
15	4IR-Driven IoT Research for You, Us and All	Dr.A.B.M. Afim Al Islam, Department of CSE, Bangladesh University of Engineering and Technology, Bangladesh
16	Exhibiting the working models on Network Security Systems	Dr. Priya U
17	Intelligence in Internet of Things	Prof.Atanu Roy Chowdhury, Capsule Lab, Kolkatta
18	From idea to impact	Dr.Kavitha B R, Dr. Usha Preethi P

You don't understand anything until you learn it more than one way - Marvin Minsky

Guest Lectures

S.No	Title Of The Programme	Resource Person
19	Exhibiting the working models on Network Security Systems	Dr. Mohana Priya P, Dr. Arun Kumar A
20	Exhibiting the working models on Network Security Systems	Dr. Charanya R, Dr. Ramya G
21	Exhibiting the working models on Network Security Systems	Dr. Priya U
22	Challenges and Solutions in Requirements Engineering	Mr. Vijayavel Rathnavel, PMP LTI Mindtree Ltd, Chennai
23	Power of Data Analytics	Mr. Gowri Shankar J, Deloitte India, Chennai
24	SAP ERP Overview	Mr. Ganesh R K, Accenture, Chennai
25	Projects for SIGHT, from SCORE	Dr. Iyapparaja M, Dr. Jothish Kumar M
26	Projects for SIGHT, from SCORE	Dr. Balaji E, Dr. Vinoth Kumar E
27	Exploring Distributed Databases: Architectures, Challenges and Applications	Mr. Ravikumar S, Aspire Systems
28	Advancements and Prospective Directions in Data Mining Applications	Mr. Vikramraj Kumar Thiyagarajan, Medicine Industries, Alpharetta, Georgia, USA
29	Object-Oriented Programming: Foundations and Applications in IT	Mr. Venkatraman K, Hexaware Technologies, Chennai
30	Decoding devOps with hands on deployment guide	Mr. Partha Roy, Fasal Wolkus Technology Solutions Private Limited, Bangalore
31	Transforming problems into Tech Marvels	Dr. Hemalatha S
32	Realtime Industry Exposure on Operating Systems	Mr. Mohammed Farooq Abdulla, Inborn Technologies, Chennai
33	Industry Applications on Operating Systems	Mr. Mohammed Farooq Abdulla, Inborn Technologies, Chennai
34	Optimizing Algorithm Efficiency through Advanced Data Structures	Vidhya Lakshmi S, HCL Technologies Pvt Ltd, Madurai
35	Object-Oriented Programming: Principles and Practices in Real-world scenarios	Mr. Venkatraman K, Hexaware Technologies, Chennai

All roads that leads to success have to pass through hard work boulevard at some point

- Eric Thomas

Guest Lectures

S.No	Title Of The Programme	Resource Person
36	Generative AI Models	Dr. Gang Li, School of Information Technology, Deakin University, Australia
37	Need of Programming Languages for Application Development	Mrs. Meera R, HCL Technologies, Chennai
38	Impact of OOAD on Industry Innovation	Mr. Vijay Mahantesh, CadMaxx Solutions, Pvt Ltd, Bangalore
39	Machine Learning in Engineering Applications	Dr. Ravi Samikannu, Botswana International University of Science & Technology, Dept. of Electrical Computer and Telecommunication Engineering, Palapye, Botswana
40	Impact of Soft Computing Techniques for Real World Problems	Mr. Deepan Raj, HCL, Chennai
41	Algorithm Design Techniques	Mr.N. Sathiyamoorthy, CISCO Systems, Bangalore
42	Biometric Security System	Mr. Paulraj Damodaran, CGI Management Consulting Pvt. Limited, Chennai
43	Today's Biometric Systems: An Industry Perspective	Mr. Deepan Raj, HCL, Chennai
44	Agile Development Process-An Industry Perspective	Mr. Dharsheni Sriram, Accenture, UK.
45	Implementing Business Intelligence Visualization using PowerBI	Mr. Kiran Radhakrishna, Senior Principal Consultant, Infosys
46	Existing Challenges in current network security world (Are you a Sniper or victim in facing the challenges)	Dr. Murugappan Valliappan, Virtusa, Chennai
47	Software Architecture and Design-An Industry Perspective	Mr. Sunil Subrahmanyam Yadavalli (Alumnus, M.Tech-SE, 2009-2013), IDS INC, Bangalore
48	Impact of Digital Marketing in E-Governance	Mr. Jowin Leo V, Digitalmesh Softech Pvt. Ltd, Chennai
49	Industry 5.0 : The power of AI, Big Data and Cloud Computing	Mr. Srikanth Subramanian, Flex, Twilio, Bengaluru
50	Industrial Applications of Digital Electronics	Mr. Lokeshwaran Kittappan, NXP Semiconductors, Bengaluru, Karnataka

Guest Lectures

S.No	Title Of The Programme	Resource Person
51	<i>Impact of Cybersecurity in Mobile App Development</i>	<i>Mr. D. Premnath, LET Technology Services, Coimbatore</i>
52	<i>Unveiling the power of object-oriented programming (OOP)-An Industry Perspective</i>	<i>Mr. Pradeepkumar Murugesan, Comcast India Engineering Center, Chennai</i>
53	<i>Aruba Network Migration: Industry Practice</i>	<i>Mr. Jaganraj J, Hewlett Packard Enterprise Global Software Pvt. Ltd</i>
54	<i>Legal Perspective of Cyber Crimes and Cyber Security</i>	<i>Mr. Ashok Kumar Mohan, Founder & Director, Kriyavan Cyber Forensic Service</i>
55	<i>Exhibiting the working models on Digital Logic and Microprocesor</i>	<i>Dr. M. Pradeepa</i>
56	<i>Relational Databases in Cloud</i>	<i>Mr. Anand Ragothaman, [BE CSE 2003 batch], Synamedia, Singapore</i>
57	<i>Single Cycle Micro Architecture Design using NEORV32</i>	<i>Mr. Bharathiraja Nallathambi, Linumiz, Coimbatore</i>

Foreign Delegates Visit

Dr. Gang Li, Professor, School of Information Technology, Deakin University, Australia delivered a session on April 22, 2024.

Visit of Delegates from George Mason University, USA - Dr. Kamaljeet Sanghera, Executive Director, Institute for Digital Innovation and Professor in Information Sciences and Technology, Dr. Chrishon Blackwell, Mason's Senior International Officer visited on May 8th 2024.

Visit of Delegates from Lehigh University PA, USA - Dr. Cheryl Matherly, Vice President/Vice Provost, International Affairs, Dr Anand Ramamurthi, P.C. Rossin Professor and Chair of the Department of Bioengineering at Lehigh University, Dr Vinita Desai, Senior Advisor Recruiting Strategy & partnerships on June 17th 2024

Do not go where the path may lead, go instead where there is no path and leave a trail.

- Ralph Waldo Emerson

Faculty Achievements (Project Grants)

S.No	Faculty Name	Project Title	Funding Agency & Amount
1	Prof. Siva Rama Krishnan S Prof. Sweta Bhattacharya Prof. Senthil Kumar M Prof. Chiranjil Lal Chowdhary	Environmental Monitoring and Evaluation via Remote Advanced LoRa-Driven Detectors (EMERALD) for Heavy Metal Contamination	SPARC-UKIERI 59.7 lakhs

Faculty Achievements (Patents)

S.No	Faculty Name	Patent Titled	Status
1	Prof. Lawanya Shri M Prof. K. Sujigarasharma Prof. S. Varun Prof. M. Karthikeyan	System and Method for Determining a Depression State of a User	Published
2	Prof. Anitha A	Smart Glasses	Granted

Faculty Achievements (Consultancy Projects)

S.No	Faculty Name	Project Title	Funding Agency & Amount
1	Prof. Sumangali K Prof. Prasanna S	Clicktoprint data driven fleet optimization	CLICTOPRINT ₹ 1,50,000
2	Prof. Gitanjali J Prof. Karthikeyan J	Cyber-crime detection and analysis schemes for evidence collection	Spider software solutions, ₹ 1,50,000
3	Prof. Srinivasan P	Custom ERP Software for small Businesses	DATUMALYS PRIVATE Ltd ₹ 1,20,000
4	Prof. Shantharajah S P Prof. Swarnapriya R.M	Target Identification and virtual screening in platform-based drug design	Rhogenites Biotech India Ltd ₹ 53,100
5	Prof. Priya M	Automatic coffee bean defect detection and grading	Wootz Metal Solutions India Ltd ₹ 1,00,000
6	Prof. Selvarani B	AI/ML: Spoof detection: Real vs recorded vs generated audio detection	SAMSUNG PRISM ₹ 86,400
7	Prof. Kumar P J Prof. Mangayarkarasi	Web based customer management application	FASHION HOUSE ₹ 1,18,000
8	Prof. Subhashini R	Fleet Driver Support Systems using AI technologies	Sri Jayaram Motors, ₹ 4,00,000
9	Prof. Balasubramani M	A smart heart rate estimation device using radar signal	Biofly Instruments Pvt Ltd ₹ 1,00,000
10	Prof. Vijay Anand R Prof. Alagiri I Prof. Magesh G Prof. Jayalakshmi P Prof. Arivuselvan K Prof. Muthamil Selvan T	Exploring the world through augmented Reality	Funtime Leisure Pvt Ltd ₹ 2,00,000

Certification Received by Faculty

Alumni Testimonials

*Mr. Shiv Pratap Bhadauria,
MCA (2013 Batch)*

Present Position: Senior Consultant, Deloitte

As an MCA student at VIT University, I had the chance to become very involved in the theoretical and practical facets of my field of study. I refined my talents by completing numerous projects in a variety of fields, such as "Image Processing Techniques for Medical Imaging & Satellite Image Processing" and by presenting papers at conferences on science, engineering, and technology. It inspired me to conduct study with the goal of coming up with original answers to challenges that face the actual world. My participation in departmental clubs and seminars improved my ability to communicate with others and gave me the opportunity to work with peers on creative ideas in a variety of fields. This experience strengthened my knowledge base and equipped me to handle complicated problems in the future.

I would like to appreciate the sincere and dedicated effort by the faculty members and the management of VIT, Vellore for shaping my future and helping me achieve my dreams.

*Ms. Banu Priya Subramani,
MS (Software Engineering) (2009 Batch)
Present Position: Business & Integration Arch Asst
Manager, Accenture, Bangalore*

During my college days at VIT, the Institute played a crucial role in broadening my horizons by offering me the opportunity to complete my final year project at the University of Malaya. This experience was invaluable in helping me understand the importance of inclusion and diversity on an international level. Post my graduation from VIT, I have continued to stay connected with my alma mater through the VIT alumni network, where I share my industry experiences through guest lectures and participation in various technical events. I also conduct sessions for the faculty, focusing on "Train the Trainers" programs, particularly on emerging topics like Gen AI. VIT has truly been instrumental in shaping my career and continuing my engagement with the academic community.

Tech Stuffs

Reasons why the @ was included in the email addresses

The first one, which was a rarely used icon. The second one, which in Latin means "in", gives meaning to the addresses (for example, user (in) google.com).

DID U KNOW?

- When compared to a Qwerty keyboard, a Dvorak keyboard enables you to type 20 times quicker.
- Only two of the top 500 supercomputers are Windows-based, whereas 485 use Linux.
- You may heat a room with Gaming PCs more effectively than a heater.
- Hard drives are very sensitive to vibration, and even yelling at them or tapping the device causes them to slow down.
- The overall global storage is projected to reach 175 zettabytes by the end of 2025.
- Per year, Google receives 1.2 trillion search requests, which translates to about 40,000 every second and 3.5 billion each day.
- MyDoom is the Most Expensive Computer Virus in History (The virus cost an estimated \$38.5 billion in damage and came about in January of 2006. Shortly after that, it earned a name for itself as the fastest-spreading virus ever).
