

About VIT

VIT, one of the premier institutes in Tamil Nadu, was established in 1984. It is a major, comprehensive, student-centered research university dedicated to excellence in teaching, research, and service. VIT today comprises various schools and interdisciplinary research centres offering undergraduate, postgraduate and research programs in various disciplines. The institute was established to provide quality higher education at par with international standards. The campus has a cosmopolitan atmosphere with students from all corners of the globe. Presently the student's strength has crossed 25,000. Our Memoranda of Understanding with various international universities are our major strength. The mission of VIT is to educate students from all over India, including those from the local and rural areas and from other countries, so that they can become enlightened individuals, improving the living standards of their families, industries and society. VIT provides individual attention, world-class quality education, and takes care of character building. There are student and faculty exchange programmes, to encourage joint research projects for mutual benefit. VIT Vellore obtained grade "A" for all the programmes offered by the University during the re-accreditation processes in February 2015. The University was recently ranked No.1 Private Engineering Institution by MHRD, Govt. of India. VIT - Recognised as Institution of Eminence (IoE) by the Government of India.

About SBST

The School of Bio Sciences and Technology offers undergraduate, graduate, doctoral and post-doctoral courses in the fields of Biotechnology, Biomedical Genetics, Applied Microbiology and Bioinformatics. The School consists of 4 departments: Biotechnology, Biomedical Sciences, Bio Sciences and Integrative Biology headed by experienced professors.
