As per QS World University Ranking 2023, in engineering and Technology, VIT stands 240<sup>th</sup> best in the World, the 9<sup>th</sup> best in India, and by Subject 2023: Computer Science and Information Systems, VIT stands under the band of 201- 250, securing 8<sup>th</sup> rank in India. Also based on the same survey, eight subjects of VIT are within the top 500 in the world. It is ranked the 8<sup>th</sup> best University, 11<sup>th</sup> best Research institution, and the 11<sup>th</sup> best Engineering institution in India (NIRF ranking, Govt. of India 2023) and has got A++ in the 4<sup>th</sup> cycle of NAAC accreditation.

### **ABOUT SITE**

The School of Information Technology & Engineering (SITE) emphasizes the fields of Information Technology, Software Engineering and Domain Specific Applications to facilitate the evolution of skills in students to help them to attain a higher degree of knowledge, global competency, and

excellence, for the betterment of the society. This school offers B.Tech, M.Tech, BSc, BCA, MCA and Ph.D., programmes.

Major areas of research include Image Processing, Machine Learning, Artificial Intelligence, IoT, Big Data, Software Engineering, Data Mining, Cloud Computing, Intelligence Systems, and Information Security.

The school's focus is on holistic learning to help the students to make significant contributions to the Information Technology industry and to serve society at large. The school has 182 committed faculty members, apart from many visiting professors, and working professionals from the industry and R&D organizations. The faculty members are highly motivated to do ground-breaking research and excel in teaching and learning processes. They provide opportunities for the students to apply the acquired knowledge in solving real-world problems and gaining undergraduate research experience. The placement record of the school is always remarkable.

The school has strong linkages with leading IT companies and research organizations. It has many industry-supported laboratories and a Centre of Excellence.

### **ABOUT THE WORKSHOP**

India is moving towards Digital India exponentially. "Cyber Security Awareness" aims to provide a foundational platform for Cyber Security Aspirants by providing Cyber Security Awareness and training that

heighten the chances of catching a scam or attack before it is fully enacted, minimizing damage to the resources and ensuring the protection of information technology assets. The programme focuses on covering all cyber security landscapes theoretically and practically. The sessions are designed in such a way that a candidate can identify, analyze and remediate computer security breaches by learning and implementing the real-world scenarios.

Event will run for **Two days in offline mode** with the expected number of participants. With its high quality, it provides an exceptional value for Academicians, Faculty members and Industrialists.
